GREEK NEW TESTAMENT

Some editions include a brief Greek-English Dictionary as an appendix.

GREEK-ENGLISH CONCORDANCE

This is a power tool often overlooked by NT students. It lists every Greek word used in the Bible, and under each word it lists a line of English text from every verse in which that word is used. This enables you to see the variety of meanings, nuances, and contexts for each word.

Englishman's Greek Concordance

edited by George V. Wigram

The Greek-English Concordance to the New Testament

edited by John Kohlenberger

GREEK-ENGLISH LEXICON (*dictionary*)

A Greek-English Lexicon of the New Testament

Bauer/Danker/Arndt/Gingrich [BDAG]

This is the standard reference for NT scholars. Because it is so expensive, you may be satisfied with one of the popular short lexicons...

Thayer's Greek-English Lexicon of the New Testament

Manual Greek Lexicon of New Testament Greek

G. Abbott-Smith

Shorter Lexicon of the Greek New Testament, Second Edition

F. Wilbur Gingrich

An Intermediate Greek-English Lexicon:

Founded upon the 7th Edition of Liddell-Scott's Lexicon

GREEK-ENGLISH INTERLINEAR

This tool offers the Greek NT text with a word-for-word English translation above every Greek word, and a standard English translation in the side margin. A variety of interlinears are available from christianbook.com, with your choice of accompanying English translation.

ONLINE STUDY TOOLS

<https://biblehub.com/interlinear>

This powerful resource offers the text both the Hebrew Old Testament and Greek New Testament, with

- *an interlinear English translation,*
- *parsing information for each word,*
- *lexical (dictionary) information, and*
- *a complete Hebrew and Greek concordance for the usage of each word in the Bible.*

We offer hints for using this site in the final lesson (#35) of the Greek V course.

ADVANCE NEW TESTAMENT LINGUISTIC TOOLS

A Textual Commentary on the Greek New Testament

Bruce Metzger / American Bible Society

This is a useful tool which weighs the evidence for every significant textual variant which you find in the footnotes of your Greek New Testament.

Linguistic Key to the Greek New Testament

[*Schlüssel Zum Griechischen Neuen Testament*]

by Fritz Rienecker, Cleon L., III Rogers

A Grammatical Analysis of the Greek New Testament

by Max Zerwick, Mary Grosvenor

These two tools walk through the NT verse-by-verse, offering parsing helps on selected words, with suggestions for interpretation.

Lenski's New Testament Commentaries, 12 Volumes

R. C. H. Lenski / Hendrickson Publishers / 1942

This is a book-by-book commentary of the New Testament which draws heavily from a careful analysis of the Greek text. I hope that some day this becomes available on CD-ROM.

Theological Dictionary of the New Testament, 10 Volumes

Edited by G. Kittel, translated by G.W. Bromiley / Eerdmans Publishing Co. / 1964

This monster-size work offers information about the way important NT Greek words are used, not only in the NT, but also in Classical and Koine Greek literature, and in the ancient Greek translation of the Hebrew OT (Septuagint). Available both in print (10 volumes) or CD-ROM. This is not the same version offered as a single volume abridged theological dictionary (the "Little Kittel").
